Additionally, the cancer plan includes eight sections on selected cancers - those cancers for which early detection screening strategies are available and those cancers identified in our cancer report card as being the most common in our state. We measure our success by the extent to which we carry out the strategies and accomplish the objectives set forth in this cancer plan. The in-depth goals for cancer prevention and control in South Carolina along with the measurable objectives and specific strategies to be used to accomplish it are published in the state cancer plan and readily available to the general public.

Part I Line 2 The organization awards grants for various initiatives related to the overall mission of the organization. Grant applications are released to the organization's partners, members, workgroups, social media outlets and newsletter recipients. The letter of intent from grantees is due 30 days before the application deadline. All grants are first reviewed by the Alliance and SC DHEC staff to ensure compliance with funding stipulations. Once they are deemed appropriate for funding, the workgroups review and determine the award amount. Once the award is made, the Director has monthly check in calls with the grantee recipients. The grantees submit monthly reports to the organization which are then forwarded to SC DHEC for evaluation purposes.
