# What is one thing (or more) you learned or enjoyed hearing about at today's event?

- Learned new and valuable facts about head and neck cancers. The NDURE program is new to me
- The initiatives taken to get patients screened
- I was very interested and impressed with the navigation process! Excellent presenters and their knowledge of the topic areas
- Cost of smoking cessation, ROI on navigators in cancer care
- 4 components opt out smoking cessation
- Metrics and certification led to patient navigation
- Opportunity to send in letter of intent to apply for grant
- How many published articles are about navigation! Have been in navigation for six weeks. So informative.
- All speakers/topics were wonderful. Especially enjoyed hearing about the opt-out smoking cessation program
- The AONN work for activity and giving voice and value to navigation
- Great resources for implementing quality and ROI studies and all types of organizations. Would like to know more about the community navigation program and how we might be involved in the Charleston area
- Networking with other navigators. Sharon was amazing
- New research on head and neck points and time from surgery to radiation
- The future of navigation is exciting
- Appreciated Dr. Graboyes presentation
- Nurse navigation, head-neck, Dr. Graboyes
- Sharon Gentry was a great speaker!
- Everything!
- Tobacco cessation
- Enjoyed hearing the timeline of nurse navigation
- History and future of navigation
- Better understanding of the nurse navigation history and purpose in the cancer center... I am a dietician and its so hearwarming to hear from other fields in a professional setting
- Grant, navigation process
- All of Sharon Gentry's Presentation! I really liked the chart of where/slides you should have per # of years experience as a nurse navigator
- Great resources from Sharon Gentry
- Enjoyed hearing about NDURE and the navigation metrics
- The history and training of oncology patient navigation
- Return on investment stories, initiatives of SCCA, certifications for patient navigators
- PN metrics and evolving competencies
- ROI for navigation information (nurses need more info on the business that allows navigation to happen)
- As a RN newer to the navigation world- I really enjoyed Sharon Gentry's discussion about the past, present, and future of navigation
- As a navigator, I love how the theme of navigation was woven throughout all of the topics in today's conference

## Any additional comments, questions, or concerns?

- Always a great job and timely information
- Please send slides
- Thanks to everyone for all of the information
- Excellent presentation on head and neck glad the focus was on a different and difficult cancer population (non breast, lung, and CRC). Wish Navigation presentation discussed future vs past... audience had baseline knowledge. Great lunch choices!
- Wonderful, informative event! Thank you!
- Extremely organized and well done!
- Lunch was perfect
- Directions to event should be more detailed and visible
- Directions on campus needed to be better
- Hopeful to be included on emails to network with other navigators and attend more events
- Wonderful speakers
- Great networking
- Thank you!
- Need specifics on event location prior to event. I was unaware of building, room, etc..
- Exceptional speakers and topics
- The email confirmation did not include the exact location/building number. It took quite a while to get to the correct space
- Great event and speakers
- Thank you!
- Awesome!
- Great conference! Very helpful!
- Enjoyed it!
- Re-energized me!
- Great conference!
- Need signs to let us know where to go
