Of participants strongly agreed with the following statement: The speakers were knowledgeable and kept me engaged throughout the event

Of participants strongly agreed with the following statement: Attending this event increased my knowledge of the topic

Of participants strongly agreed with the following statement: The event provided resources and tools that I found useful

Of participants strongly agreed with the following statement: I intend to use the information I learned from this event

What is one thing (or more) you learned or enjoyed hearing about at today's event?

- The existence of public health and health care promotion programs and resources for underrepresented communities and in particular Latinx in SC that I was unaware of their existence
- Great info and resources
- Different types of foods that are healthier alternatives, inclusion of CHWs and important role in cancer prevention work
- Good training overall
- Meeting new people and new services for the community and how we can have a lot more resources for them
- Amazing event and very well organized
- I may not speak English, but the data graphs were very instrumental in helping me understand
- I learned about some valuable resources on mental health for the Latino community
- Data, resources, information about health
- All of the information was super useful. I really learned and enjoyed the presentations of the physicians that were present
- Dr. Moore, Dr. Izquierdo

Any additional comments, questions, or concerns?

- This event is a great opportunity for networking and partnership development with Latinx service organizations and programs
- I would like this event to be on Saturday
- The ones who came and talked gave us very valuable information
- I would love to continue coming to this event. Each year gets better and I crave more information and knowledge each time. Thank you for everything.
- Great session and work
- Please continue doing this event. Great safe space to share resources in Spanish to educate and share important information for our community. Thanks!
- Feel free to include me in the planning committee for next year. Maybe include other drink options for lunch.
- Everything was excellent. See you in 2025!
