

Theresa Boston is a dedicated Program & Administrative Assistant with a strong passion for supporting public health initiatives and advancing cancer prevention and control efforts across South Carolina. In her role with the South Carolina Cancer Alliance, she provides comprehensive administrative, operational, and programmatic support to ensure the successful implementation of initiatives aligned with the South Carolina Cancer Plan.

With exceptional organizational skills and a keen attention to detail, Theresa coordinates meetings, community events, and coalition activities while managing program data, tracking outcomes, and supporting grant compliance and reporting. She plays a vital role in maintaining efficient operations, fostering collaboration among partners, and ensuring clear and effective communication across stakeholders.

Driven by a genuine desire to make a difference, Theresa is especially committed to promoting health equity, prevention, and survivorship efforts that positively impact communities across the state. She is known for her reliability, positive attitude, and ability to balance multiple priorities with professionalism and care. Outside of her professional work, Theresa values continuous learning, building meaningful connections, and contributing to causes that improve the well-being of others.
